

Chapter 9 Test Review

Required Knowledge from Chapter 8

- Balancing Equations
- Predicting Products
- Using the Activity Series when appropriate

Required Knowledge from Chapter 9

- Be able to define: Mole Ratio, Molar Mass, Limiting Reactant, Excess Reactant, Theoretical Yield, Actual Yield & Percent Yield.
- Be able to work through the 4 types of Stoichiometry problems
- Be able to Identify the Limiting and Excess Reactants
- Be able to calculate percent yield

Textbook Problems: 5, 6-8, 10-13, 22-24, 28-29, 33-34
